FOOT AND MOUTH DISEASE CONTROL PROGRAMME STATE RINDERPEST ELISA LABORATORY

Mini Secretariat, Mahlana Road, Sonapat (Haryana) – 131001.

Enst. No.

Dated :-

From

Deputy Director,
State Disease Diagnostic Lab., Sonipat

To

1. Deputy Director, I.C.D.P. Bhiwani, Jind and Sirsa.
2. Deputy Director, A.H.D. Fatehabad, Charkhi-Dadri, Hisar, Jhajjar, Rohtak, and Sonapat.

Subject: Collection, processing, coding, preservation, storage and dispatch of sera samples for FMD sero-monitoring during 27th phase FMD-CP (October, 2019) in the State.

Sir,

As per direction of G.O.I.

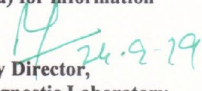

Paired sera samples (Pre & Post vaccination) should be collected from individual animals on each phase, along with additional post vaccination sampling of same animals as well as randomly after 3 months

- ❖ In order to proper laboratory record keeping and reporting, each sample must be given a specific Sample Reference Code. The code is composed of Village code (S DD BBB VVVVV) and sample code (OOO NNN SS).
- ❖ The sample reference code will be indicated the State code, district code, block code, village code, owner code, species code, serial No. of sample entered in register and status of sera sample code (pre-vaccination or post-vaccination).
- ❖ Structure of the Sample Reference Code will be like this :- S DD BBB VVVVV OOO NNN SS.
Where :-
 - S : State code.
 - DD : District code.
 - BBB : represent Block/Tehsil code .
 - VVVVV: is five digit village code .
 - O : represent the Owner's name .
 - NNN : Animal/species code with serial No. of sera sample entered in register .
 - SS : Status of sera sample i.e. Pre/post-vaccination sera sample is Pr/po. 3 month post: Po3; Random: R
- ❖ Sera samples are to be collected from 20 animals (10 from cattle and buff. each) and preserve in cold cabinet freezer of cold room installed in your district (at -20^o C).
- ❖ A detail list (Annexure I & II) of such samples collected may be sent to State Rinderpest ELISA Laboratory Sonapat (Hr.) under intimation to Director General Animal Husbandry & Dairying Haryana, Panchkula for undertaking the work of FMD and HS sero-monitoring.
- ❖ The batch no. of vaccine administered to animal of which pre-vaccination sample has been collected be mentioned in the detail list and vaccination register.
 - ❖ Cryovials should be labelled with cryovial code indicating village code (VVVVV), animal code (species code i.e. C = cattle, B = buffalo with serial No. of sample i.e. 1 to 10 are fixed for Cattle; 11 to 20 for Buff) and status of sample(Pr/Po)
- ❖ **A list of 10 villages randomly identified in respect of each district for carrying out this work during 27th phase for control of FMD & HS under FMD CP has been attached herewith.**

Endstt No

A copy forwarded to Director General, Animal Husbandry & Dairying, Haryana (Panchkula) for information and n/a,pl
